PE

Company profile

Ausnutria Dairy Corporation Ltd is a pediatric milk formula company. It markets and sells dairy products to the People's Republic of China, Europe, North America, the Middle East, and other overseas countries.

Ausnutria Dairy (1717 HK)

More to expect from FY21E

- Ausnutria recorded 23%/-5% rev/adj. earnings up/down yoy to RMB1.9 bn/RMB 217 mn in 3Q20, with slower-than-expected goat IMF recovery and GPM erosion that is expected to recover from FY21E.
- We stay confident on premium brand outlook in China's IMF market and the company's solid competitiveness.
- Maintain BUY with TP cut to HK\$15.33, on same 22x/16x FY20E/21E P/E, with adj. earnings cut by 20%/10% respectively.

3Q20 recorded disappointing goat IMF performance. The quarter registered 23%/-5% rev/adj. earnings increase/decrease yoy to RMB1.9 bn/RMB 217 mn, with drag from a slower-than-expected distribution adjustment in goat IMF resulting in 3% yoy seg rev growth as the company reduced shipment to ease distributor inventory pressure. Cow IMF resumed decent growth of 26%, on track of our full year estimate. **Quarterly GPM is dampened** to 46.5% vs avg. 50-54% in past quarters by 1) 2.1 ppt from COVID-related trading loss of raw materials during goat IMF production, 2) one-off ~2 ppt from cow brands restructuring. **Q4 remained challenging for goat IMF** as overhang from both distribution adjustment and trading loss remain. As the distribution restructuring to complete by end-FY20E, we expect FY21E to resume decent growth.

We stay confident on premium brand outlook in China's IMF market and the Company's solid competitiveness. Despite distribution fluctuations in goat segment that are expected to ease off from FY21E, we see continued robust trend in ultra-premium products, e.g. Hyproca (24% of FY19 rev) remained high rev growth of 67% in 3Q20, following 66% in 1H20. The robust premium demand (industry segment mix +9 ppt to 50% by May 2020, Nielson) is rooted in growing budget and quality trust in baby products. **With Ausnutria's ultra-premium brand** esp. supported by comprehensive overseas supply chain, **we see premium products to continue as solid drivers for the Company** as we estimate the rev mix ratio grow further to 76% in FY21E from 67% in FY19, supported by resumed goat segment growth of 25% and continuing high growth of 40% in Hyproca. **We also believe this premium brand competitiveness enables great further market penetration potential in its FY21E plan for adding middle-end goat IMF products.**

We maintain BUY rating on Ausnutria with TP cut to HK\$15.33 on 22x/16x FY20E/21E P/E, with adj. earnings cut by 20%/10% respectively mainly due to 3.3/1.2 ppt lower GPM forecasts. The counter is trading at 14% discount to Yashili & H&H with higher adj. earnings CAGR FY19-22E of 23% vs avg. 18% of peers.

Risks: (1) channel inventory build-up; (2) slower than expected recovery in goat IMF products growth; (3) fiercer than expected premium market competition

TERMS FOR PROVISION OF REPORT, DISCLAIMERS AND DISCLOSURES

By accepting this report, you represent and warrant that you are entitled to receive such report in accordance with the restrictions set forth below and agree to be bound by the limitations contained herein. Any failure to comply with these limitations may constitute a violation of law or termination of such services provided to you.

Disclaimer

Research distributed in Hong Kong is intended only for institutional investors whose ordinary business activities involve investing in shares, bonds and associated securities and/or derivative securities and who have professional experience in such investments. Any person who is not an institutional investor must not rely on this communication.

The information and material presented herein are not directed at, or intended for distribution to or use by, any person or entity who is a citizen or resident of or located in any jurisdiction where such distribution, publication, availability or use would be contrary to applicable law or regulation or which would subject Oriental Patron Securities Limited ("OPSL") and/or its associated companies and/or its affiliates (collectively "Oriental Patron") to any registration or licensing requirement within such jurisdiction.

The information and material presented herein are provided for information purposes only and are not to be used or considered as an offer or a solicitation to sell or an offer or solicitation to buy or subscribe for securities, investment products or other financial instruments, nor to constitute any advice or recommendation with respect to such securities, investment products or other financial instruments.

This research report is prepared for general circulation. It does not have regard to the specific investment objectives, financial situation and the particular needs of any specific person who may receive this report. This report is not to be relied upon in substitution for the exercise of independent judgment. Oriental Patron may have issued other reports that are inconsistent with, and reach different conclusions from, the information presented in this report. Those reports reflect the different assumptions, views and analytical methods of the analysts who prepared them. You should independently evaluate particular investments and you should consult an independent financial adviser before making any investments or entering into any transaction in relation to any securities mentioned in this report.

Information and opinions presented in this report have been obtained or derived from sources believed by Oriental Patron to be reliable, but Oriental Patron makes no representation as to their accuracy or completeness and Oriental Patron accepts no liability for loss arising from the use of the material presented in this report where permitted by law and/or regulation. Further, opinions expressed in this report are subject to change without notice. Oriental Patron does not accept any liability whatsoever whether direct or indirect that may arise from the use of information contained in this report.

The research analyst(s) primarily responsible for the preparation of this report confirm(s) that (a) all of the views expressed in this report accurately reflects his or their personal views about any and all of the subject securities or issuers; and (b) that no part of his or their compensation was, is or will be, directly or indirectly, related to the specific recommendations or views he or they expressed in this report.

Past performance should not be taken as an indication or guarantee of future performance, and no representation or warranty, express or implied, is made regarding future performance.

Oriental Patron, its directors, officers and employees may have investments in securities or derivatives of any companies mentioned in this report, and may make investment decisions that are inconsistent with the views expressed in this report.

General Disclosure

Oriental Patron, its directors, officers and employees, including persons involved in the preparation or issuance of this report, may, to the extent permitted by law, from time to time participate or invest in financing transactions with the issuer(s) of the securities mentioned in this report, perform services for or solicit business from such issuers, and/or have a position or holding, or other material interest, or effect transactions, in such securities or options thereon, or other investments related thereto. In addition, it may make markets in the securities mentioned in the material presented in this report. Oriental Patron may, to the extent permitted by law, act upon or use the information presented herein, or the research or analysis on which they are based, before the material is published. One or more directors, officers and/or employees of Oriental Patron may be a director of the issuers of the securities mentioned in this report. Oriental Patron may have, within the last three years, served as manager or co-manager of a public offering of securities for, or currently may make a primary market in issues of, any or all of the entities mentioned in this report or may be providing, or have provided within the previous 12 months, significant advice or investment services in relation to the investment concerned or a related investment or investment banking service to the issuers of the securities mentioned in this report.

Regulatory Disclosures as required by the Hong Kong Securities and Futures Commission

Oriental Patron (inclusive of OPSL) which are carrying on a business in Hong Kong in investment banking, proprietary trading or market making or agency broking are not a market maker in the securities of the subject companies mentioned in this report. Unless otherwise specified, Oriental Patron does not have any investment banking relationship with the companies mentioned in this report within the last 12 months. As at the date of this report, Oriental Patron do not have any interests in the subject company(ies) aggregating to an amount equal to or more than 1% of the subject company(ies) market capitalization.

Analyst Certification:

The views expressed in this research report accurately reflect the analyst's personal views about any and all of the subject securities or issuers; and no part of the research analyst's compensation was, is or will be, directly or indirectly, related to the specific recommendations or views expressed in the report.
